

# Avast for Business Basic Antivirus

## THE MOST-TRUSTED SECURITY IN THE WORLD

Avast delivers easily managed cloud-based and on-premise business security solutions for PCs, Macs, and servers. We protect more than 230 million endpoints globally, which provides your organization with the most-trusted security in the world.

Antivirus & Anti-malware

Device Management

Centralized Management Console

## THE BIG BENEFITS

### FREE UP YOUR BUDGET

Since Avast for Business Basic Antivirus is free, you can redirect the money you would have spent on security to more strategic needs.

### FREE UP YOUR TIME

You can manage everything from the web-based portal, adding and removing devices, managing settings, targeting scans, and running updates across your network from your computer.

### FREE UP YOUR MIND

Get answers to your questions from Avast technicians or other customers through the forums.

### FREE YOUR TEAM'S TIME

Avast for Business Basic Antivirus is always up to date, so there's no delay while your security updates. Plus notifications don't get in the way of work getting done. Chances are you won't notice Avast is there until you need it.

**AVAST THREAT LAB**

Our worldwide network of over 230 million endpoints feeds our threat database constantly. So we address new threats within seconds and stream micro-updates to your devices to protect you against zero-day attacks.

# Avast for Business Basic Antivirus

## THE TECHNICAL FEATURES

### WORKSTATIONS (PCS AND MACS)

#### SECURE HTTPS SCANNING

Scans HTTPS sites for hidden threats. You can customize the scanning to exclude sites you work with on a regular basis so that scanning won't slow your access.

#### ANTIVIRUS AND ANTI-MALWARE

The world's most-trusted antivirus and anti-malware engines keep you better protected.

#### STREAMING UPDATES

Unobtrusive micro-updates keep you protected.

#### SILENT MODE

Lets you focus on specific tasks without interruption.

#### BOOT-TIME SCANS (PC ONLY)

Detects malware buried deep in your computers' start-up processes.

#### HARDENED MODE (PC ONLY)

Allows only the apps to run that you've specifically authorized.

#### ANTI-PHISHING

Lets you know when a site is not what it claims to be.

#### BROWSER CLEANUP (PC ONLY)

Deletes annoying and unwanted toolbars or plug-ins that slow down or hijack browsers.

#### CYBERCAPTURE

Avoid surprise attacks with real-time analysis of unknown files.

## SYSTEM REQUIREMENTS

### PC

Microsoft Windows XP/Vista/7/8/8.1/10 (32/64 bit)  
Pentium 3 processor, 128 MB RAM,  
1 GB of free hard disk space

Mac OS X 10.6.8 (Snow Leopard)  
Mac OS X 10.7.x (Lion)  
Mac OS X 10.8.x (Mountain Lion)  
Mac OS X 10.9.x (Mavericks)  
Mac OS X 10.10.x (Yosemite)  
Intel-based Mac

### SUPPORTED BROWSERS

Microsoft Internet Explorer 10+  
Google Chrome  
Mozilla Firefox  
Safari 6+  
Opera

## WANT MORE? GET AVAST FOR BUSINESS ENDPOINT SECURITY

### LOCK DOWN SENSITIVE TRANSACTIONS

Avast for Business Endpoint Security adds SafeZone Browser, which locks down your online banking and other financial transactions, protecting your data from accidental or deliberate misuse or corruption.

### PROTECT AGAINST THE UNKNOWN

Our Sandbox feature provides a safe place to run questionable apps and files without putting your computer or network at risk.

### INTEGRATE WITH SHAREPOINT

Avast for Business Endpoint Security tightly integrates with SharePoint 2003/2007/2010/2013 Servers via Microsoft's own antivirus interfaces.

### ADD INVISIBLE SECURITY WHILE ON PUBLIC NETWORKS

Adding SecureLine VPN to your Avast security solution gives you and your team anonymous browsing on private and public Wi-Fi networks. This protects your logins, emails, and credit card details from spying eyes and misdirected routers.

## EVALUATE

If you want to evaluate Avast for Business Endpoint Security or Avast for Business Premium Endpoint Security, we offer 30-day trials for both products. We also offer a 30-day trial for SecureLine VPN.
