

Avast Cleanup Premium

Next generation tuneup and cleanup for your PC

Patented PC speed-up technology

Your PC isn't getting any younger. Fix what's slowing you down with Avast Cleanup's 'Sleep Mode'. It turns off startup items and other background activity to speed up your programs, games and more.

Give your PC a proper cleanup

Deep-cleaning algorithms remove junk files from more than 200 programs, browsers and Windows features. Our Software Cleanup uses a cloud-based reputation system to detect and remove annoying bloatware, adware, trials and more.

Troubleshooting, just a click away

Got PC problems? Fix them with our Maintenance feature, which includes registry fixes, shortcut cleaners and solutions to some of the top PC issues.

The most comprehensive PC optimizer and tuneup toolkit

Avast Cleanup includes everything you need to tune up your PC:

Sleep Mode

Patented tuneup method puts all resource-draining applications in hibernation to make your PC feel like new.

Tuning Dashboard and Action Center

Offers a quick overview of your PC's health.

1-Click Maintenance

Takes care of 6 critical cleaning and tuning tasks with just one click.

Shortcut Cleaner

Removes dead shortcuts from your desktop and history lists across Windows and other applications.

Registry Cleaner

Removes hidden junk from the Windows registry and fixes problems.

Disk Cleaner

Safely deletes leftover files from Windows and over 200 of the most popular PC programs.

Browser Cleaner

Removes leftover browsing traces and cookies from popular browsers, including Edge, Chrome, Firefox, and IE.

Bloatware Removal

Detects and removes 3rd-party trials, ads, and toolbars you never wanted.
