

# Avast Premier

You want it all? You got it now.

## The fullest security for PC, web and more

The world's largest threat-detection network, paired with machine-learning technology and behavioral analysis — this antivirus is not like the others.

## New Ransomware Shield

Wall off your most personal photos and files from the ever-growing threat of ransomware to ensure that these protected files cannot be encrypted without your permission.

## Our best features — all of them

File and data shredder. Automatic software updater that plugs safety holes. Wi-Fi inspector. Password manager. All our best features, all included.

# Features

AVAST PREMIER

AVAST FREE ANTIVIRUS

## Smart Scan

One scan finds all those cracks which allow malware to slip in, from unsafe passwords to suspicious add-ons and out-of-date software.

## Antivirus

Smart analytics detect and block viruses, malware, spyware, ransomware and phishing.

## Behavior Shield

Protects you from zero-second threats and ransomware by spotting suspicious behavior patterns.

## CyberCapture

Isolates unknown files to analyze them in the cloud and lets you know if they're safe to use.

## Real Site

Protects you from fake websites that steal your banking details and credentials.

## Sandbox

Test and play with suspicious files in a safe environment before you let them run on your computer.

## Game Mode

Put notifications on hold automatically to make the most out of your gaming sessions.

## Anti-Spam

Dodge spam and other malicious content coming at you via email.

## Firewall

Essential security that monitors and controls what goes in and out of your computer.

## Ransomware Shield

Block untrusted apps from changing, deleting, or encrypting your photos and files.

## Webcam Shield

Prevent peeping Toms from watching you via your webcam.

## Wi-Fi Inspector

Automatically detects weaknesses in your home Wi-Fi to keep hackers away. .

## Software Updater

Keeps your other software up to date to fix vulnerabilities and improve performance.

## Passwords

Lock all your accounts with one secure password. We'll create new ones you can use to log in securely

## In-product support

Send us a message right from your product and we'll get back to you as soon as we can.

## Rescue Disk

The ultimate backup: Create a Rescue Disk image on a CD or USB drive to reboot into a computer that's too infected to start.

## Automatic Software Updater

Keep your essential software automatically updated with the latest safety and performance improvements.
